CANDID CONTEST 2nd. PRIZE ( DENIS NOWAK )

HMMM! I SHOULD GO ON A DIET.

#### PRINCIPAL'S MESSAGE

It is a privilege for me to express a few thoughts in a book that many of you will keep and use in future to reflect back to a most enjoyable time in your life.

Upon reflection, school, for most people, turns out to be an enjoyment when compared to the day-to-day world of work. Why is this so? Some have suggested that during one's school years a person is eager and involved in acquiring knowledge, exploring new ideas which are abundant in youth, and in establishing oneself as an individual with a sense of selfworth. What can be more exciting than that?

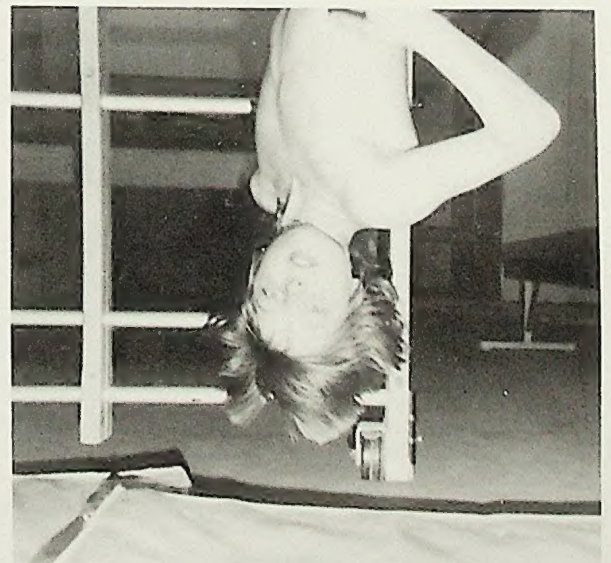

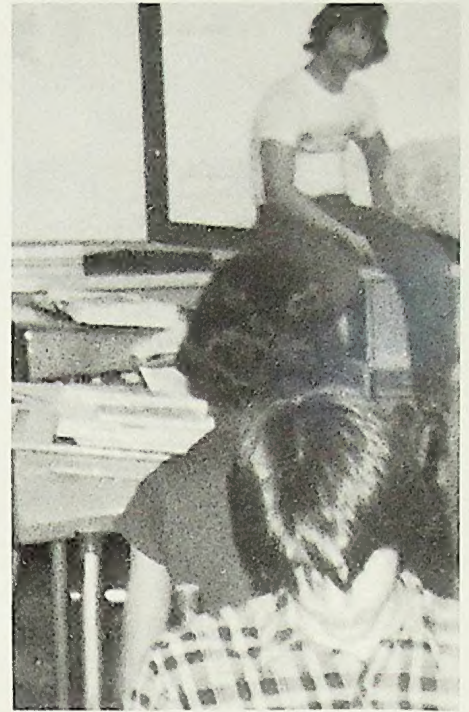

Some of you will continue to pursue these challenges in different schools, while others will continue to contribute to H. A. Gray's fine reputation. But no matter where you pursue your education, training, or interests remember that you represent the school you attend and the reputation it has in the community is the reputation you build for yourself.

To those who are leaving, thank you for your contributions and may God bless you in all your future endeavors and to those who are returning may you achieve the success you are capable of with the help of parents, teachers and friends.

Finally, I want to thank all those involved in the preparation of this book for your dedication and hard work in making it such an outstanding keepsake. Your efforts are greatly appreciated and will grow in value as time goes by.
